MORE THAN WORDS

DEFINING THE THINGS THAT DEFINE LEADERS

A *companion* to **The Leadership Test** or **Cultures of Leadership** core presentations or *lead-in* to the **Self Respect, Courage, Class & Impact**, and **Growth & Empowerment** supplemental presentations, the **More than Words** workshop is offered to help participants implement their plan for behaving impactfully everyday and reinforce why they matter while doing so.

Featuring immersive simulations, timely discussions, practical instruction, and results-focused exercises, participants will work towards creating a system of accountability that drives engagement, connection, and impact in all facets of their lives and careers.

In doing so, participants will:

- Engage in a deeper, collective examination of the values they use to guide decision-making.
- Translate those values into everyday behaviors.
- Create action-driving questions to motivate the use of those behaviors.
- Strategize for some of the daily challenges that could stand in the way of behaving impactfully.

The More than Words workshop can be adapted to your organizational needs and offered as a half-day, full-day, and two-day format. The ideal number of participants per facilitator for the full-day and two-day formats is 12-36 people.

Available Lengths: 2, 3, 4, 7 and 14 hours
